

Public Health Thank You Day 2011

On the Monday before Thanksgiving, Research!America and leading public health organizations take time to recognize public health professionals who work tirelessly every day to protect us. From the ordinary to the extraordinary, these heroes keep our drinking water safe, air clean and children healthy.

You can honor your public health professional too! Visit www.researchamerica.org/ph_thank_you to download materials for Public Health Thank You Day 2011.

Among the resources available:

Icon for your website

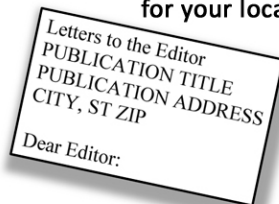

E-postcard for your public health pro

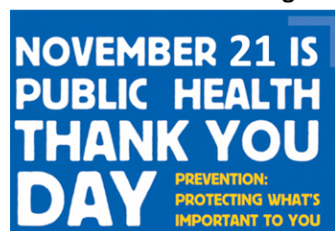

Press release template to tailor to your local media

Letter to the editor template for your local paper

Download a PDF ad in English...

... or in Spanish!

Research!America thanks its partners for supporting Public Health Thank You Day:
