

**Your Congress.
Your Health.**

Please Participate in Your Congress-Your Health

Economic Competitiveness Matters to Me

As your constituent, I urge you to participate in the Your Congress-Your Health initiative from Research!America and its partners committed to improving health. Health is a top domestic issue, impacting the economy and the lives of each and every American. Your constituents deserve to know what you think about health-related policies and priorities.

Please respond to the brief questionnaire that covers topics that are top-of-mind for many Americans, such as cost and quality of health care, economic competitiveness and U.S. investment in health research.

To submit your responses, go to www.yourcongressyourhealth.org/login.php. If you do not have the code to login, please send an email to mbronstein@researchamerica.org.

I look forward to seeing your responses on www.yourcongressyourhealth.org.

Your Congress-Your Health

Research!America and our partners have invited all members of Congress to complete a questionnaire about where they stand on medical, health and scientific research and other health-related issues. Knowing where Representatives and Senators stand on these issues is important to improving health and research advocacy. To date, 170 members of the 112th Congress have completed one or more of our constituent education initiatives.

Sponsors to date include:

UNIVERSITY OF MARYLAND
SCHOOL OF MEDICINE

Research!America is the nation's largest 501(c)(3) public education and advocacy alliance working to make research to improve health a higher national priority. Founded in 1989, Research!America is supported by member organizations that together represent the voices of more than 125 million Americans. Our public opinion polls, advocacy programs and publications reach the public and decision makers to help advance medical, health and scientific research.
