Dear Mr. President,

On behalf of Research!America, we are writing to express our strong support for Dr. Anthony Fauci, who is playing pivotal role in advancing the health and security of our nation as a member of the White House Coronavirus Taskforce.

Dr. Fauci has served our nation at the National Institutes of Health (NIH) for more than 35 years, and the depth of expertise he brings to COVID-19 response efforts is an asset our nation simply cannot afford to forsake.

This pandemic has thrown curve ball after curve ball as it takes and disrupts lives in our nation and across the globe. The White House Task Force is working 24/7 to mitigate the damage and forge a path to full recovery. Dr. Fauci and every member of the taskforce needs and deserves your backing. The very future of our nation depends on leveraging the right people for the right roles in fighting this massively destructive threat. Dr. Fauci is the right person in the right role.

Thank you for considering our views.

Respectfully,

Mary Woolley
President and CEO, Research!America
